<b>Meeting:</b> March 12, 2009 <b>Time:</b> 1:40P.M.	<b>Agenda Item No.:</b> 3
<b>Project Description:</b> Combined Development Permit to correct a code enforcement violation (CE090008) consisting of: 1) a Coastal Administrative Permit for the construction of a 820 square foot second story addition to an existing 5,000 square foot single family dwelling with attached garage; 2) a Coastal Development Permit to allow development within 750 feet of a known archaeological resource; and 3) Design Approval.	
<b>Project Location:</b> 1516 Riata Road, Pebble Beach (Pescadero Watershed)	<b>APN:</b> 008-351-033-000
<b>Planning File Number:</b> PLN080372	<b>Name:</b> Leslie and Betty Morgan, Property Owners
<b>Plan Area:</b> Del Monte Forest Land Use Plan	<b>Flagged and staked:</b> Yes
<b>Zoning Designation:</b> : LDR/1.5-D (CZ) [Low Density Residential, 1.5 acres per unit with Design Control Overlay (Coastal Zone)]	
<b>CEQA Action:</b> Categorically Exempt per Section 15301(e)

### RECOMMENDATION:

Staff recommends that the Zoning Administrator approve the Combined Development Permit and Design Approval based on the Findings and Evidence (**Exhibit B**) and subject to the recommended Conditions (**Exhibit C**).

### PROJECT OVERVIEW:

The applicant proposes to construct an 820 square foot second story addition to an existing 5,000 square foot single family dwelling with attached garage. The project site is located within the Pescadero Watershed, which limits structural coverage to 5,000 square feet and impervious coverage to 4,000 square feet (Section 20.147.030, CIP, Part 5). The project, as proposed, will not increase the existing 5,000 square feet of structural coverage. In addition, the property is located in the area identified on the Del Monte Forest Land Use Plan (LUP) Visual Resources Map (Figure 2C) as visible area from Point Lobos; however, due to the existing tree screening, neither the existing nor proposed structures are visible from Point Lobos or any other public viewing area. County records identify the project site is within an area of high sensitivity for prehistoric cultural resources. The project includes a Coastal Development Permit to allow development within 750 feet of a known archaeological resource. However, the requirement for a preliminary archaeological report was waived for this project pursuant to the Coastal Implementation Plan for the Del Monte Forest, Section 20.147.080.B.5, because a previous report (LIB030200) was prepared for the site by a qualified archaeologist which included the current site within the scope of the survey. The report concluded that there is no surface evidence of potentially significant archaeological resources. Also, the structural addition is a second story that will result in minimal ground disturbance outside of the existing footprint (i.e., the expansion of the foundation footing in the northeast corner of the garage. The potential for inadvertent impacts to cultural resources is limited and will be controlled by the use of project conditions (Condition No. 3).

The subject property currently has a code enforcement violation (CE090008), which is related to the implementation of construction work on the 820 square foot addition (**Exhibit G**) prior to the issuance of the required discretionary and ministerial permits. The proposed project and the associated Combined Development Permit are required to bring the property into compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. Zoning violation abatement costs have been paid, and no further code enforcement actions have been deemed necessary.

**OTHER AGENCY INVOLVEMENT:**

- ✓ Pebble Beach Community Services District (CSD)
- ✓ Public Works Department
- ✓ Environmental Health Division
- ✓ Water Resources Agency

The above checked agencies and departments have reviewed this project. Conditions recommended by the Pebble Beach CSD, the Water Resources Agency, and the Planning Department have been incorporated into the condition compliance reporting plan (**Exhibit C**).

The project was referred to the Del Monte Forest Land Use Advisory Committee (LUAC) for review. Based on the LUAC Procedure guidelines adopted by the Monterey County Board of Supervisors per Resolution No. 08-338, this application did warrant referral to the LUAC because it involved a Design Approval subject to review by the Zoning Administrator. The Del Monte Forest LUAC unanimously recommended approval at a public meeting held on January 8, 2009.

Note: The decision on this project is appealable to the Board of Supervisors and the Coastal Commission.

## **EXHIBIT B**

### **RECOMMENDED FINDINGS AND EVIDENCE**

**1. FINDING: CONSISTENCY** – The project, as described in Condition No. 1 and as conditioned, conforms to the policies, requirements, and standards of the Monterey County General Plan, Del Monte Forest Land Use Plan (LUP), Monterey County Zoning Ordinance (Title 20) Part 1, and Monterey County Zoning Ordinance (Title 20) Part 5 (Coastal Implementation Plan for the Del Monte Forest), which designates this area as appropriate for development.

- EVIDENCE:**
- (a) The text, policies, and regulations in the above referenced documents have been evaluated during the course of review of applications. As proposed and conditioned, no conflicts were found to exist. No other communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.
  - (b) The property is located at 1516 Riata Road (Assessor's Parcel Number 008-351-033-000), Pebble Beach Sub-Planning Area, Del Monte Forest Land Use Plan, Coastal Zone. The parcel is zoned Low Density Residential, 1.5 units per acre, with a Design Control District Overlay ("LDR/1.5-D"), which allows the construction of additions with a Coastal Administrative Permit. Therefore, the property is suitable for the proposed development.
  - (c) The project planner conducted site inspections on August 13, 2008, and January 8, 2009, to verify that the project on the subject parcel conforms to the plans listed above.
  - (d) Pescadero Watershed: The project site is located within the Pescadero Watershed, which limits structural coverage to 5,000 square feet and impervious coverage to 4,000 square feet (Section 20.147.030, CIP, Part 5). The project, as proposed, will not increase the existing structural coverage of 5,000 square feet. The proposed addition will be located above the existing garage.
  - (e) Public Access. See Finding No. 6.
  - (f) Scenic and Visual Resources: The property is located in the area identified on the Del Monte Forest Land Use Plan (LUP) Visual Resources Map (Figure 2C of the LUP) as visible from the Point Lobos State Reserve. The policies of the Del Monte Forest LUP direct that placement and design of new development not injure the visual integrity of the area. Staff conducted site visits on August 13, 2008, and January 8, 2009, to assess the potential viewshed impacts of the project from the Point Lobos State Reserve. Based on the site visit, the existing and proposed structures are not and will not be visible from Point Lobos due to existing tree screening.
  - (g) Del Monte Forest LUAC: The project was referred to the Del Monte Forest Land Use Advisory Committee (LUAC) for review. Based on the LUAC Procedure guidelines adopted by the Monterey County Board of Supervisors per Resolution No. 08-338, this application did warrant referral to the LUAC because it involved a Design Approval subject to review by the Zoning Administrator. The Del Monte Forest LUAC unanimously recommended approval at a public meeting held on January 8, 2009.

- (h) **Cultural Resources:** The project includes a Coastal Development Permit to allow development within a 750 foot cultural resources buffer zone. County records identify the project site is within an area of high sensitivity for prehistoric cultural resources. However, the requirement for a preliminary archaeological report was waived for this project pursuant to the Coastal Implementation Plan for the Del Monte Forest, Section 20.147.080.B.5, because a previous report (LIB030200) was prepared for the site by a qualified archaeologist which included the current site within the scope of the survey. The report concluded that there is no surface evidence of potentially significant archaeological resources. Also, the structural addition is a second story that will result in minimal ground disturbance outside of the existing footprint. The potential for inadvertent impacts to cultural resources is limited and will be controlled by the use of project conditions (Condition No. 3).
- (i) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning Department for the proposed development found in Project File PLN080372.

**2. FINDING:** **SITE SUITABILITY** – The site is physically suitable for the use proposed.

- EVIDENCE:**
- (a) The project has been reviewed for site suitability by the following departments and agencies: RMA - Planning Department, Pebble Beach Community Services (Fire Protection) District, Public Works, Environmental Health Division, and the Water Resources Agency. There has been no indication from these departments/agencies that the site is not suitable for the proposed development. Recommended conditions have been incorporated.
  - (b) Technical reports by outside geotechnical and archaeological consultants indicated that there are no physical or environmental constraints that would indicate that the site is not suitable for the use proposed. County staff concurs.  
The following reports have been prepared:
    - i. “Soil Engineering Investigation Update” (LIB090006) prepared by LandSet Engineers, Inc., Salinas, CA, October 16, 2008.
    - ii. “Archaeological Report” (LIB030200) prepared by Archaeological Resource Management, San Jose, CA, March 5, 2003 (related to PLN030021).
  - (c) Staff conducted site inspections on August 13, 2008, and January 8, 2009, to verify that the site is suitable for this use.
  - (d) Materials in Project File PLN080372.

**3. FINDING:** **CEQA (Exempt)** - The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project.

- EVIDENCE:**
- (a) California Environmental Quality Act (CEQA) Guidelines Section 15301 (e) categorically exempts additions to existing structures provided the addition will not result in an increase of more than 50 percent of the floor area of the structures before the addition, or 2,500 square feet, whichever is less.
  - (b) No adverse environmental effects were identified during staff review

of the development application during site visits on August 13, 2008, and January 8, 2009.

(c) Findings 1 and 2, and supporting evidence.

**4. FINDING:** **NO VIOLATIONS** - The subject property currently has a violation (CE090008), which is related to the implementation of construction work prior to the issuance of the required discretionary and ministerial permits. The proposed project and the associated Combined Development Permit are required to bring the property into compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. Zoning violation abatement costs, if any, have been paid.

**EVIDENCE:** (a) Zoning violations on the subject property (Assessor's Parcel Number 008-351-033-000) relate to the construction of a 820 square foot addition prior to the issuance of the required discretionary and ministerial permits. Corrective measures, fines, and enforcement fees have been collected. No further code enforcement actions have been deemed necessary.  
(b) Building and Planning staff reviewed the conditions of the site on January 7 and 8, 2009, and determined that necessary corrective measures can be achieved as proposed by the application and that no additional corrective measures are necessary to bring the property into compliance with all applicable regulations.  
(c) Review of Planning Department and Building Services Department records by staff has concluded that no other code violations exist on the subject property.

**5. FINDING:** **HEALTH AND SAFETY** - The establishment, maintenance, or operation of the project applied for will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

**EVIDENCE:** (a) Findings 1, 2, 3, and 4; and supporting evidence.  
(b) The application, project plans, and related support materials submitted by the applicant to the Monterey County RMA - Planning Department for the proposed development, found in Project File PLN080372.

**6. FINDING:** **PUBLIC ACCESS** – The project is in conformance with the public access and public recreation policies of Chapter 3 of the Coastal Act and Local Coastal Program, and does not interfere with any form of historic public use or trust rights (Monterey County Zoning Ordinance, Section 20.70.050.B.4). The proposed project is in conformity with the public access policies of Chapter 5 of the Del Monte Forest LUP, and Section 20.147.130 of the Monterey County Zoning Ordinance (Part 5 – Coastal Implementation Plan).

**EVIDENCE:** (a) Figure 15 (Recreational Facilities) of the Del Monte Forest LUP does not identify the area of this property for public access points or trails.  
(b) Materials in Project File PLN080372.  
(c) Site visit by the project planner on August 13, 2008, and January 8, 2009.

7. **FINDING:** **APPEALABILITY** - The decision on this project is appealable to the Board of Supervisors and the California Coastal Commission.

**EVIDENCE:** (a) Board of Supervisors: Section 20.86.030 of the Monterey County Zoning Ordinance.  
(b) California Coastal Commission: Section 20.86.080.A.1 and A.3 of the Monterey County Zoning Ordinance.
