

## MONTEREY COUNTY ZONING ADMINSTRATOR

<b>Meeting:</b> February 25, 2010 Time: 1:30 P.M	<b>Agenda Item No.:</b> 1
<b>Project Description:</b> Combined Development Permit consisting of: 1) a Coastal Administrative Permit for a 488 square foot addition which is greater than 10 percent of the floor area of an existing 3,011 square foot single family dwelling; 2) a Coastal Development Permit for development within 100 feet of an environmentally sensitive habitat; and 3) Design Approval.	
<b>Project Location:</b> 1110 Spyglass Woods Drive, Pebble Beach	<b>APN:</b> 008-562-015-000
<b>Planning File Number:</b> PLN090273	<b>Owner:</b> Mike and Vicki Pope <b>Agent:</b> Anatoly Ostretsov
<b>Planning Area:</b> Del Monte Forest Land Use Plan	<b>Flagged and staked:</b> Yes
<b>Zoning Designation:</b> : "MDR/4-D(CZ)" [Medium Density Residential, 4 Units per acre with Design Control Overlay in the Coastal Zone]	
<b>CEQA Action:</b> Categorically Exempt per Section 15301(e)(1)	
<b>Department:</b> RMA - Planning Department	

### RECOMMENDATION:

Staff recommends that the Zoning Administrator adopt a resolution (**Exhibit B**) to:

- 1) Categorically exempt PLN090273 pursuant to CEQA Guidelines Section 15301(e) and
- 2) Approve PLN090273, based on the findings and evidence and subject to the conditions of approval (**Exhibit B**):

### PROJECT OVERVIEW:

The applicant proposes the remodel of an existing 3,011 square foot single family residence with a 566 square foot basement garage, including the construction of 488 square feet of additions to living space and the reduction of 85 square feet of impervious surfaces. The existing residence is built on the upper portion of the lot, backing on to the Spyglass Hill Golf Course to the southeast, with the garage and driveway below. A Coastal Development Permit is required pursuant to Section 20.70.120 of the Monterey County Zoning Ordinance (Title 20) since the proposed addition exceeds 10% of the existing square footage of the residence and the property is located between the first public road and the sea.

In addition, a Coastal Development Permit is required because the project includes development within 100 feet of an area identified as Environmentally Sensitive Habitat (Riparian & Wetland Habitat) on Figure 2 in the Del Monte Forest Land Use Plan. The area identified as Environmentally Sensitive Habitat Area (ESHA) is the drainage course on the adjacent property to the north which carries water seasonally from the golf course and adjacent residential properties on Spyglass Woods Road to the connecting drainage on the west side of Spyglass Woods Road. The proposed 488 square foot addition will be located on the opposite side of the driveway and approximately 60 feet from the drainage bottom in a previously disturbed and landscaped area. Other possible areas for the addition were evaluated and determined to be infeasible because the existing residence is already built up to the setbacks in all areas that are further from the ESHA. The biological report prepared for the project by Ed Mercurio dated September 14, 2009 (LIB090474) found that other than Monterey Pine trees, no sensitive species are present on the project site, that a riparian community structure is not present in the drainage area and that impacts to biological values on the property from the project will be minor if areas of natural habitat on the property are protected from indirect impacts. The arborist report prepared for the project by Frank Ono dated September 14, 2009 (LIB090475) found that with standard tree protection measures in place, the trees on the site should not be impacted. Conditions have been added which include all of the protection measures recommended by the biologist and the arborist. Staff has concluded that because of the minor nature of the addition, the project as conditioned will have no impact on the ESHA.

**OTHER AGENCY INVOLVEMENT:** The following agencies and departments reviewed this project:

- √ RMA - Public Works Department
- √ Environmental Health Division
- √ Water Resources Agency
- √ Pebble Beach Community Services District (Fire Protection District)
- √ Parks Department
- California Coastal Commission

Agencies that submitted comments are noted with a check mark ("√"). Conditions recommended by the Water Resources Agency have been incorporated into the Condition Compliance/Mitigation Monitoring and Reporting Plan attached as Exhibit 1 to the draft resolution (**Exhibit B**).

The project was referred to the Del Monte Forest Land Use Advisory Committee (LUAC) for review. The Del Monte Forest LUAC unanimously recommended approval at a public meeting held on November 19, 2009 (**Exhibit D**).

Note: The decision on this project is appealable to the Board of Supervisors and to the California Coastal Commission.

**EXHIBIT B  
DRAFT RESOLUTION**

**Before the Zoning Administrator in and for the  
County of Monterey, State of California**

In the matter of the application of:

**POPE, MIKE AND VICKI (PLN090273)**

**RESOLUTION NO. [REDACTED]**

Resolution by the Monterey County Zoning  
Administrator:

- 1) Finding PLN090273 categorically exempt per section 15301(e) of the CEQA Guidelines; and
- 2) Approving a Combined Development Permit consisting of: 1) a Coastal Administrative Permit for a 488 square foot addition which is greater than 10 percent of the floor area of an existing 3,011 square foot single family dwelling; 2) a Coastal Development Permit for development within 100 feet of an environmentally sensitive habitat; and 3) Design Approval.

(PLN090273, Pope, 1110 Spyglass Woods Drive, Pebble Beach, Del Monte Forest Land Use Plan (APN: 008-562-015-000

**The Pope application (PLN090273) came on for public hearing before the Monterey County Zoning Administrator on February 25, 2010. Having considered all the written and documentary evidence, the administrative record, the staff report, oral testimony, and other evidence presented, the Zoning Administrator finds and decides as follows:**

**FINDINGS**

1. **FINDING:** **CONSISTENCY** – The Project, as conditioned, is consistent with the applicable plans and policies which designate this area as appropriate for development.

- EVIDENCE:** a) During the course of review of this application, the project has been reviewed for consistency with the text, policies, and regulations in:
- the Monterey County General Plan,
  - Del Monte Forest Land Use Plan,
  - Del Monte Forest Coastal Implementation Plan, Part 5
  - Monterey County Zoning Ordinance (Title 20)

No conflicts were found to exist. No communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.

- b) The property is located at 1110 Spyglass Woods Drive, Pebble Beach (Assessor's Parcel Number 008-562-015-000, Del Monte Forest Land Use Plan. The parcel is zoned "MDR/4-D(CZ)" [Medium Density Residential, 4 Units per acre with Design Control Overlay in the Coastal Zone], which allows single family residential uses and development

within 100 feet of environmentally sensitive habitat subject to the approval of a discretionary permit. Therefore, the project is an allowed land use for this site.

- c) The project planner conducted site inspections on August 12, 2009 and November 19, 2009 to verify that the project on the subject parcel conforms to the plans listed above.
- d) Development Standards. The project complies with all of the applicable development standards of Section 20.14.060 of Title 20 including height, setbacks, lot coverage and floor area ratio (FAR). Paragraphs E and F allow maximum Lot Coverage of 35% and FAR of 35%. The parcel is approximately 10,075 square feet which would allow lot coverage and FAR of 3,526 square feet. The project proposes 3,499 square feet of lot coverage (approximately 34.73 percent) and 3,499 square feet of floor area (approximately 34.73 percent FAR).
- e) Special Setbacks. The proposed addition is in conformance with the special building setbacks as found on the subdivision map for Spyglass Woods Unit No. 3 recorded at Volume 12, Page 45 of Cities and Towns at the Monterey County Recorder's office.
- f) Archaeological Resources. The project site is located within an area of high sensitivity for prehistoric cultural resources. An archaeological report prepared for the project by Archaeological Consulting dated July 29, 2009 (LIB090371) concluded that there are no recorded archaeological sites located within 1 kilometer of the project site, that there was no surface evidence of potentially significant resources at the site and that the project should not be delayed for archaeological reasons. Condition No. 4 has been included to ensure that previously unidentified resources are not impacted if they are discovered during construction.
- g) Environmentally Sensitive Habitat. As proposed, the project includes development within 100 feet of an area of Environmentally Sensitive Habitat (Riparian & Wetland Habitat) as shown on Figure 2 in the Del Monte Forest Land Use Plan. The proposed 488 square foot addition will be located on the opposite side of the driveway and approximately 60 feet from the drainage bottom in a previously disturbed and landscaped area. The biological report prepared for the project by Ed Mercurio dated September 14, 2009 (LIB090474) concluded that other than Monterey Pine trees, no sensitive species are present on the project site, that a riparian community structure is not present and that impacts to biological values on the property from the project will be minor if areas of natural habitat on the property are protected from indirect impacts. Standard Conditions (Nos. 6, 8, 9, 11 and 12) have been included to ensure that there will be no impacts to any area outside of the existing developed area.
- h) Forest Resources. One oak tree and one Monterey pine tree are located immediately adjacent to the proposed project site. The Tree Assessment prepared for the project by Frank Ono dated September 14, 2009 found that it is not expected that the 488 square foot addition will have negative impacts on the forested resources on the project site. Condition Nos. 9 and 11 have been added to ensure protection of the trees located in close proximity to the construction.
- i) Pescadero Watershed: The project is located within the Pescadero

Watershed, which limits structural coverage to 5,000 square feet and impervious coverage to 4,000 square feet (Section 20.147.030, CIP, Part 5). The proposed 488 square foot addition will increase the amount of structural coverage from 3,011 square feet to 3,499 square feet. The impervious coverage will be reduced by 85 square feet from 2,412 square feet to 2,327 square feet.

- j) Land Use Advisory Committee  
The project was referred to the Del Monte Forest Land Use Advisory Committee (LUAC) for review. Based on the LUAC Procedure guidelines adopted by the Monterey County Board of Supervisors per Resolution No. 08-338, this application did warrant referral to the LUAC because the project includes a Design Approval which is subject to review by the Zoning Administrator. The Del Monte Forest LUAC unanimously recommended approval, without conditions, at a public meeting held on November 19, 2009. There was no public comment at the meeting.
- k) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning Department for the proposed development found in Project File PLN090273.

2. **FINDING:** **SITE SUITABILITY** – The site is physically suitable for the use proposed.

- EVIDENCE:** a) The project has been reviewed for site suitability by the following departments and agencies: RMA - Planning Department, Pebble Beach Community Services District (Fire Protection District), Parks, Public Works, Environmental Health Division, and Water Resources Agency. There has been no indication from these departments/agencies that the site is not suitable for the proposed development. Conditions recommended have been incorporated.
- b) Technical reports by outside consultants indicated that there are no physical or environmental constraints that would indicate that the site is not suitable for the use proposed. County staff independently reviewed these reports and concurs with their conclusions. The following reports have been prepared:
- "Tree Assessment/Arborist Report" (LIB090475 prepared by Frank Ono, Pacific Grove, California, September 14, 2009).
  - "Biological Survey of the Pope Property" (LIB090474 prepared by Ed Mercurio, Salinas, California, September 14, 2009).
  - "Geotechnical Report for the Proposed Addition and Remodel, Pope Residence" (LIB090476 by Lawrence E. Grice, P.E., Salinas, California, September 25, 2009).
- c) Staff conducted a site inspection on August 12, 2009 and November 19, 2009 to verify that the site is suitable for this use.
- d) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning Department for the proposed development found in Project File PLN090273.

3. **FINDING:** **HEALTH AND SAFETY** - The establishment, maintenance, or operation of the project applied for will not under the circumstances of

this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

- EVIDENCE:**
- a) The project was reviewed by RMA - Planning Department, Pebble Beach Community Services District (Fire Protection District), Parks, Public Works, Environmental Health Division, and Water Resources Agency. The respective departments/agencies have recommended conditions, where appropriate, to ensure that the project will not have an adverse effect on the health, safety, and welfare of persons either residing or working in the neighborhood.
  - b) That adequate sewage disposal and water supply facilities exist or are readily available, as approved by the Director of Environmental Health. The property is served by a public water system (Cal Am) and a public sewer system (Pebble Beach Community Services District). The Monterey Peninsula Water Management District Residential Water Release Form and Water Permit Application submitted by the applicant is on file in PLN090273. The Environmental Health Division reviewed the project and did not impose any conditions for project approval.
  - c) The proposed project will result in an increase of 5.7 fixture units (.057 acre feet of water). The applicant has submitted a copy of a Water Use Permit issued by the Monterey Peninsula Water Management District evidencing the purchase of and dedication of .1 acre feet of potable water per year for the benefit of the subject property.
  - d) Preceding findings and supporting evidence for PLN090273.

4. **FINDING:** **NO VIOLATIONS** - The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. No violations exist on the property.

- EVIDENCE:**
- a) Staff reviewed Monterey County RMA - Planning Department and Building Services Department records and is not aware of any violations existing on subject property.
  - b) Staff conducted a site inspection on August 12, 2009 and November 19, 2009 and researched County records to assess if any violation exists on the subject property.
  - c) There are no known violations on the subject parcel.
  - d) Zoning violation abatement costs, if any, have been paid. A condition is included to assure that all zoning abatement costs, if any, have been paid.
  - e) The application, plans and supporting materials submitted by the project applicant to the Monterey County Planning Department for the proposed development are found in Project File PLN090273.

5. **FINDING:** **CEQA (Exempt):** - The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project.

- EVIDENCE:**
- a) California Environmental Quality Act (CEQA) Guidelines Section 15301(e)(1) categorically exempts additions to existing structures where the addition will not result in an increase of more than 50% of the floor

area of the structure before the addition or 2,500 square feet, whichever is less. The proposed 488 square foot addition to the existing 3,011 square foot single family residence is less than 50% of the floor area and is less than 2,500 square feet.

- b) None of the exceptions to categorical exemptions listed in CEQA Guidelines Section 15300.2 applies.
- c) No adverse environmental effects were identified during staff review of the development application during a site visit on August 12, 2009 and November 19, 2009.
- d) See preceding and following findings and supporting evidence.

6. **FINDING:** **PUBLIC ACCESS** – The project is in conformance with the public access and recreation policies of the Coastal Act (specifically Chapter 3 of the Coastal Act of 1976, commencing with Section 30200 of the Public Resources Code) and Local Coastal Program, and does not interfere with any form of historic public use or trust rights.

- EVIDENCE:**
- a) No access is required as part of the project as no substantial adverse impact on access, either individually or cumulatively, as described in Section 20.147.130 of the Monterey County Coastal Implementation Plan can be demonstrated.
  - b) The subject property is not described as an area where the Local Coastal Program requires public access (Figure 16 in the Del Monte Forest Land Use Plan).
  - c) No evidence or documentation has been submitted or found showing the existence of historic public use or trust rights over this property.
  - d) The application, plans and supporting materials submitted by the project applicant to the Monterey County Planning Department for the proposed development are found in Project File PLN090273
  - e) The project planner conducted a site inspection on August 12, 2009 and November 19, 2009.

7. **FINDING:** **ESHA** – The subject project minimizes impact on environmentally sensitive habitat areas in accordance with the applicable goals and policies of the applicable area plan and zoning codes.

- EVIDENCE:**
- a) The project includes application for development within 100 feet of environmentally sensitive habitat areas (ESHA). In accordance with the applicable policies of the Del Monte Forest Land Use Plan and the Monterey County Zoning Ordinance (Title 20), a Coastal Development Permit is required and the authority to grant said permit has been met.
  - b) The property is located adjacent to a drainage which is identified on Figure 2 of the Del Monte Forest Land Use Plan as Environmentally Sensitive Habitat.
  - c) In accordance with Policy 12 of the Del Monte Forest Land Use Plan and Section 20.147.040.A.2 of the Monterey County Zoning Ordinance, a biological survey was conducted to determine whether or not sensitive habitat or species are present. The report regarding that survey prepared by Ed Mercurio dated September 14, 2009 found that although some isolated riparian plants were observed in the drainage on the adjacent property, riparian community structure was not present in the area adjacent to or within ½ mile downstream of the subject property. Other than Monterey pines, no sensitive plants or animals were found to

be present on the Pope property. The report further found that impacts to biological values on the subject property will be minimal as long as areas of natural habitat on the property are protected from indirect impacts.

- d) The proposed addition will be built on an existing landscaped area which is located between the existing home and driveway, approximately 60 feet from the bottom of the drainage. Standard conditions of approval have been incorporated to ensure that there will be no impacts to the drainage area.
- e) The project planner conducted a site inspection on August 12, 2009 and November 19, 2009 to verify ESHA locations and potential project impacts to ESHA.
- f) The application, plans and supporting materials submitted by the project applicant to the Monterey County Planning Department for the proposed development are found in Project File PLN090273.

8. **FINDING:** **SITE COVERAGE (DEL MONTE FOREST WATERSHEDS)** – The project limits structural and impervious surface coverage in order to reduce runoff within the Pescadero, Seal Rock Creek, and Sawmill Gulch Watersheds and some smaller unnamed watersheds that drain into the Carmel Bay Area of Special Biological Significance (ASBS).

- EVIDENCE:**
- a) The project is located within the Pescadero Watershed, which limits structural coverage to 5,000 square feet and impervious coverage to 4,000 square feet (Section 20.147.030, CIP, Part 5).
  - b) The proposed 488 square foot addition will increase the amount of structural coverage from 3,011 square feet to 3,499 square feet, which is less than the maximum allowed structural coverage of 5,000 square feet. The impervious coverage will be reduced by 85 square feet from 2,412 square feet to 2,327 square feet which is less than the maximum allowed impervious coverage of 4,000 square feet.
  - c) The application, plans and supporting materials submitted by the project applicant to the Monterey County Planning Department for the proposed development are found in Project File PLN090273.

9. **FINDING:** **APPEALABILITY** - The decision on this project may be appealed to the Board of Supervisors and the California Coastal Commission.

- EVIDENCE:**
- a) Section 20.86.030.A of the Monterey County Zoning Ordinance. (Board of Supervisors)
  - b) Section 20.86.080.A.1 and 20.86.080.A.3 of the Monterey County Zoning Ordinance (Title 20). The project is subject to appeal by/to the California Coastal Commission because the project is located between the sea and the first through public road paralleling the sea and because development within 100 feet of environmentally sensitive habitat is permitted in the underlying zone as a conditional use

### DECISION

**NOW, THEREFORE**, based on the above findings and evidence, the Zoning Administrator does hereby:  
A. Categorically exempt PLN090273 per CEQA Guidelines Section 15301(e)(1);

- B. Approve Combined Development Permit PLN090273 consisting of: 1) a Coastal Administrative Permit for a 488 square foot addition which is greater than 10 percent of the floor area of an existing 3,011 square foot single family dwelling; 2) a Coastal Development Permit for development within 100 feet of an environmentally sensitive habitat; and 3) Design Approval, in general conformance with the attached sketch (**Exhibit 2**) and subject to the conditions (**Exhibit 1**), both exhibits being attached hereto and incorporated herein by reference.

**PASSED AND ADOPTED** this 25th day of February, 2010 by

\_\_\_\_\_  
Mike Novo, Zoning Administrator

COPY OF THIS DECISION MAILED TO APPLICANT ON DATE

THIS APPLICATION IS APPEALABLE TO THE BOARD OF SUPERVISORS.

IF ANYONE WISHES TO APPEAL THIS DECISION, AN APPEAL FORM MUST BE COMPLETED AND SUBMITTED TO THE CLERK TO THE BOARD ALONG WITH THE APPROPRIATE FILING FEE ON OR BEFORE DATE

(Coastal Projects)

THIS PROJECT IS LOCATED IN THE COASTAL ZONE AND IS APPEALABLE TO THE COASTAL COMMISSION. UPON RECEIPT OF NOTIFICATION OF THE FINAL LOCAL ACTION NOTICE (FLAN) STATING THE DECISION BY THE FINAL DECISION MAKING BODY, THE COMMISSION ESTABLISHES A 10 WORKING DAY APPEAL PERIOD. AN APPEAL FORM MUST BE FILED WITH THE COASTAL COMMISSION. FOR FURTHER INFORMATION, CONTACT THE COASTAL COMMISSION AT (831) 427-4863 OR AT 725 FRONT STREET, SUITE 300, SANTA CRUZ, CA

This decision, if this is the final administrative decision, is subject to judicial review pursuant to California Code of Civil Procedure Sections 1094.5 and 1094.6. Any Petition for Writ of Mandate must be filed with the Court no later than the 90th day following the date on which this decision becomes final.

#### NOTES

1. You will need a building permit and must comply with the Monterey County Building Ordinance in every respect.  
  
Additionally, the Zoning Ordinance provides that no building permit shall be issued, nor any use conducted, otherwise than in accordance with the conditions and terms of the permit granted or until ten days after the mailing of notice of the granting of the permit by the appropriate authority, or after granting of the permit by the Board of Supervisors in the event of appeal.  
  
Do not start any construction or occupy any building until you have obtained the necessary permits and use clearances from the Monterey County Planning Department and Building Services Department office in Salinas.
2. This permit expires 3 years after the above date of granting thereof unless construction or use is started within this period.

5.		<b>PD005a – NOTICE OF EXEMPTION</b> Pursuant to CEQA Guidelines § 15062, a Notice of Exemption shall be filed for this project. The filing fee shall be submitted prior to filing the Notice of Exemption.	The applicant shall submit a check, payable to the <i>County of Monterey</i> , to the Director of the RMA - Planning Department.	Owner/ Applicant	After project approval.	
6.		<b>PD007 - GRADING-WINTER RESTRICTION</b> No land clearing or grading shall occur on the subject parcel between October 15 and April 15 unless authorized by the Director of RMA - Building Services Department. <b>(RMA – Planning Department and Building Services Department)</b>	Obtain authorization from the Director of RMA - Building Services Department to conduct land clearing or grading between October 15 and April 15.	Owner/ Applicant	Ongoing	
7.		<b>PD009 - GEOTECHNICAL CERTIFICATION</b> Prior to final inspection, the geotechnical consultant shall provide certification that all development has been constructed in accordance with the geotechnical report. <b>(RMA – Planning Department and Building Services Department)</b>	Submit certification by the geotechnical consultant to the RMA – Building Services Department showing project’s compliance with the geotechnical report.	Owner/ Applicant/ Geotechnical Consultant	Prior to final inspection	
8.		<b>PD010 - EROSION CONTROL PLAN AND SCHEDULE</b> The approved development shall incorporate the recommendations of the Erosion Control Plan as reviewed by the Director of RMA – Planning and Director of Building Services. All cut and/or fill slopes exposed during the course of construction be covered, seeded, or otherwise treated to control erosion during the course of construction, subject to the approval of the Director of RMA - Planning and Director of RMA - Building Services. The improvement and grading plans shall include an implementation schedule of measures for the prevention and control of erosion, siltation and dust during	An Erosion Control Plan shall be submitted to the RMA - Planning Department and the RMA - Building Services Department prior to issuance of building and grading permits.	Owner/ Applicant	Prior to the issuance of grading and building permits	
			Comply with the recommendations of the Erosion Control Plan during the course of construction until project completion as approved by the Director of RMA - Planning and Director of RMA - Building Services.	Owner/ Applicant	Ongoing	

<i>Permit Cond. Number</i>	<i>Mitig. Number</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.</i>	<i>Responsible Party for Compliance</i>	<i>Timing</i>	<i>Verification of Compliance (name/date)</i>
		and immediately following construction and until erosion control planting becomes established. This program shall be approved by the Director of RMA - Planning and Director of RMA - Building Services. <b>(RMA - Planning Department and RMA - Building Services Department)</b>	Evidence of compliance with the Implementation Schedule shall be submitted to the RMA - Planning Department and the RMA - Building Services Department	Owner/ Applicant	Prior to final inspection	
9.		<b>PD011 – TREE AND ROOT PROTECTION</b> Trees which are located close to the construction site(s) shall be protected from inadvertent damage from construction equipment by fencing off the canopy driplines and/or critical root zones (whichever is greater) with protective materials, wrapping trunks with protective materials, avoiding fill of any type against the base of the trunks and avoiding an increase in soil depth at the feeding zone or drip-line of the retained trees. Said protection, approved by a certified arborist, shall be demonstrated prior to issuance of building permits subject to the approval of the RMA – Director of Planning. If there is any potential for damage, all work must stop in the area and a report, with mitigation measures, shall be submitted by a certified arborist. Should any additional trees not included in this permit be harmed, during grading or construction activities, in such a way where removal is required, the owner/applicant shall obtain required permits. <b>(RMA - Planning Department)</b>	Submit evidence of tree protection to the RMA - Planning Department for review and approval.	Owner/ Applicant	Prior to the issuance of grading and/or building permits	
			Submit on-going evidence that tree protection measures are in place through out grading and construction phases. If damage is possible, submit an interim report prepared by a certified arborist.	Owner/ Applicant/ Arborist	During Construction	
			Submit photos of the trees on the property to the RMA – Planning Department after construction to document that tree protection has been successful or if follow-up remediation or additional permits are required.	Owner/ Applicant	Prior to final inspection	
10.		<b>PD014(A) – LIGHTING – EXTERIOR LIGHTING PLAN</b> All exterior lighting shall be unobtrusive, down-lit, harmonious with the local area, and constructed or located so that only the intended area is illuminated and off-site glare is fully controlled. The applicant shall submit 3 copies of an exterior lighting plan which shall indicate the	Submit three copies of the lighting plans to the RMA - Planning Department for review and approval. Approved lighting plans shall be incorporated into final building plans.	Owner/ Applicant	Prior to the issuance of building permits.	

<i>Permit Cond. Number</i>	<i>Mitig. Number</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.</i>	<i>Responsible Party for Compliance</i>	<i>Timing</i>	<i>Verification of Compliance (name/date)</i>
		location, type, and wattage of all light fixtures and include catalog sheets for each fixture. The lighting shall comply with the requirements of the California Energy Code set forth in California Code of Regulations, Title 24, Part 6. The exterior lighting plan shall be subject to approval by the Director of the RMA - Planning Department, prior to the issuance of building permits. <b>(RMA – Planning Department)</b>	The lighting shall be installed and maintained in accordance with the approved plan.	Owner/ Applicant	Prior to Occupancy / Ongoing	
11.		<b>PDSP01 - TREE PROTECTION (NON-STANDARD CONDITION)</b> All of the recommendations for tree protection contained in the tree assessment prepared for the project by Frank Ono dated October September 14, 2009 (LIB090475) shall be followed, including but not limited to: 1. All construction managers, heavy equipment operators and tree service operators or vegetation managers will be trained in tree protection procedures prior to the start of construction. Training shall be conducted by a qualified arborist or forester. 2. All trenching, grading or any other digging or soil removal that is expected to encounter tree roots shall be monitored by a qualified arborist or forester to ensure against drilling or cutting through major roots. <b>(RMA-Planning Department)</b>	Submit copy of contract for with a qualified arborist or forester to provide the required training and monitoring services to the RMA-Planning Department prior to issuance of Grading or Building Permits.  After construction is complete, submit report from qualified arborist documenting that tree protection has been successful or if follow-up remediation or additional permits are required.	Owner/ Applicant  Owner/ Applicant	Prior to Issuance of Building or Grading Permits  Prior to final inspection	
12.		<b>PDSP02 - CONSTRUCTION MANAGEMENT PLAN (NON-STANDARD CONDITION)</b> Prior to issuance of Grading or Building Permits, the applicant shall submit a Construction Management Plan (CMP) to the RMA-Planning Department for review and approval. The CMP shall include measures to minimize traffic and construction impacts during the construction/grading phase of the project and shall	Applicant shall prepare a CMP and shall implement approved measures during the construction/grading phase of the project.	Owner/ Applicant/ Contractor	Prior to issuance of the Grading Permit or Building Permit	

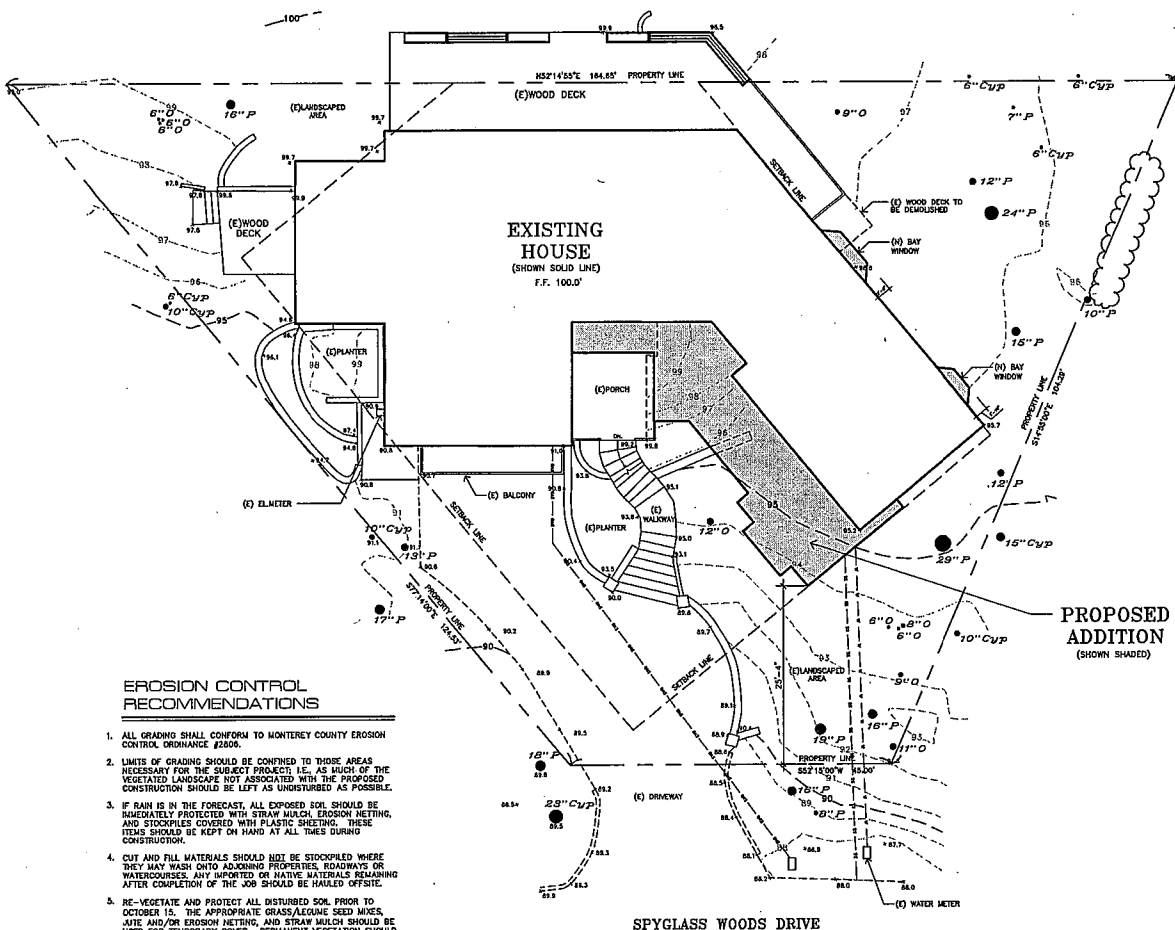

<i>Permit Cond. Number</i>	<i>Mitig. Number</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. 		provide the following information: Duration of the construction, hours of operation, an estimate of the number of truck routes, number of construction workers, parking areas for both equipment and workers, locations of truck staging areas and locations for storage of construction materials. Approved measures included in the CMP shall be implemented by the applicant during the construction/grading phase of the project. <b>(RMA-Planning Department)</b>	Submit a construction activity report including photographs and activity logs where applicable that document how Best Management Practices were implemented and followed during construction and grading activities.	Owner/ Applicant/ Contractor	Prior to occupancy or final inspection	
<b>Monterey County Water Resources Agency</b>						
13.		<b>WR43 - WATER AVAILABILITY CERTIFICATION</b> The applicant shall obtain from the Monterey County Water Resources Agency, proof of water availability on the property, in the form of an approved Monterey Peninsula Water Management District Water Release Form. <b>(Water Resources Agency)</b>	Submit the Water Release Form to the Water Resources Agency for review and approval.	Owner/ Applicant	Prior to issuance of any building permits	

<i>Permit Cond. Number</i>	<i>Mitig. Number</i>	<i>Conditions of Approval and/or Mitigation Measures and Responsible Land Use Department</i>	<i>Compliance or Monitoring Actions to be performed. Where applicable, a certified professional is required for action to be accepted.</i>	<i>Responsible Party for Compliance</i>	<i>Timing</i>	<i>Verification of Compliance (name/date)</i>
14.		<p><b>WR40 - WATER CONSERVATION MEASURES</b>  The applicant shall comply with Ordinance No. 3932, or as subsequently amended, of the Monterey County Water Resources Agency pertaining to mandatory water conservation regulations. The regulations for new construction require, but are not limited to:</p> <p>a. All toilets shall be ultra-low flush toilets with a maximum tank size or flush capacity of 1.6 gallons, all shower heads shall have a maximum flow capacity of 2.5 gallons per minute, and all hot water faucets that have more than ten feet of pipe between the faucet and the hot water heater serving such faucet shall be equipped with a hot water recirculating system.</p> <p>b. Landscape plans shall apply xeriscape principles, including such techniques and materials as native or low water use plants and low precipitation sprinkler heads, bubblers, drip irrigation systems and timing devices.  <b>(Water Resources Agency)</b></p>	Compliance to be verified by building inspector at final inspection.	Owner/ Applicant	Prior to final building inspection/occupancy	

**END OF CONDITIONS**

Rev. 11/21//2009

**EROSION CONTROL RECOMMENDATIONS**

1. ALL GRADING SHALL CONFORM TO MONTEREY COUNTY EROSION CONTROL ORDINANCE #2206.
2. LIMITS OF GRADING SHOULD BE CONFINED TO THOSE AREAS NECESSARY FOR THE SUBJECT PROJECT, I.E. AS MUCH OF THE VEGETATED LANDSCAPE NOT ASSOCIATED WITH THE PROPOSED CONSTRUCTION SHOULD BE LEFT AS UNDISTURBED AS POSSIBLE.
3. IF RAIN IS IN THE FORECAST, ALL EXPOSED SOIL SHOULD BE IMMEDIATELY PROTECTED WITH STRAW MULCH, EROSION NETTING, AND STOCKPILES COVERED WITH PLASTIC SHEETING. THESE ITEMS SHOULD BE KEPT ON HAND AT ALL TIMES DURING CONSTRUCTION.
4. CUT AND FILL MATERIALS SHOULD NOT BE STOCKPILED WHERE THEY MAY WASH ONTO ADJACENT PROPERTIES, ROADWAYS OR WATERCOURSES, ANY IMPORTED OR NATIVE MATERIALS REMAINING AFTER COMPLETION OF THE JOB SHOULD BE HAULED OFFSITE.
5. RE-VEGETATE AND PROTECT ALL DISTURBED SOIL PRIOR TO OCTOBER 15. THE APPROPRIATE GRASS/LEGUME SEED MIXES, JUTE AND/OR EROSION NETTING, AND STRAW MULCH SHOULD BE USED FOR TEMPORARY COVER. PERMANENT VEGETATION SHOULD INCLUDE NATIVE AND DROUGHT RESISTANT PLANTS.
6. IRRIGATION ACTIVITIES AT THE SITE SHOULD ALWAYS BE DONE IN A CONTROLLED AND REASONABLE MANNER. PLANTER AREAS SHOULD NOT BE SITED ADJACENT TO BUILDING WALLS. OTHERWISE MEASURES SHOULD BE IMPLEMENTED TO CONTAIN IRRIGATION WATER AND PREVENT IT FROM SEEPING INTO WALLS AND UNDER FOUNDATIONS.
7. RAIN GUTTERS SHOULD BE INSTALLED ON ALL ROOF EAVES AND BE CONNECTED VIA DOWNSPOUT TO PERIMETER STORM DRAIN LINES WHICH ARE ROUTED OR DISPERSED IN A COUNTY APPROVED MANNER.
