MEMORANDUM

Date: January 26, 2015

To: Zoning Administrator

From: Elizabeth Gonzales

Subject: Harlan PLN100462

Continuance from November 26, 2014

This is a follow up Combined Development Permit to allow specific improvements at Dani Creek authorized by an Emergency Coastal Development Permit (PLN100336). After reviewing the Initial Study, the California Coastal Commission had concerns with public access and suggested adding conditions of approval to the staff report. They requested that Caltrans continue the item so they can meet to discuss. The item was continued to January 29, 2015.

On January 12, 2015, Coastal Commission staff contacted Caltrans and Monterey County Planning stating that a site visit would be necessary in order to determine what those conditions of approval would be regarding public access. Caltrans is in agreement with the request for a Continuance before you today. Monterey County staff will be attending the site visit.

In order to allow for sufficient time for a site visit and revised staff report, staff is requesting another Continuance to March 26, 2015.
