Sunday, March 07, 2004

Mr. Thom McCue
Senior Planner
Monterey County Planning Department
2620 First Avenue
Marina, CA 93933

Dear Mr. McCue:

We are very concerned about the Draft EIR recommendation to convert Bristol Curve from a secondary residential road into a main arterial road connecting Stevenson Drive and Forest Lake Road. A major reason for purchasing our home on Bristol Lane was its relative quiet and peacefulness. We strongly support the development of an alternative traffic routing that is more distant from our home.

Sincerely,

Gifford & Pam Lehman
