September 27 2004

Dear Mr. McCue,

I now attend Stevenson School as a boarding student, and am therefore a new resident of Monterey County. It greatly concerns me about the planned renovations for this County. I care deeply about animals and I am concerned that creating the new Equestrian Center will be put our wildlife in jeopardy. Where will the deer, squirrels, birds, and other radiant creatures move during and after the construction takes place? This is just one example of the hazard this project is creating in this county

Please consider my comments. Thank you.

Sincerely,

Courtney Killough
