Dear Mr. McCue

Thank you for speaking
with me on the phone today -
I live at 1457 Cypress Drive
Pebble Beach Cal - I have
lived here for over 40 years -
I raised 4 children here - I
wish all the County Commissioners
would consider the changes
to the Del Monte Forest if
if Pebble Beach Co's present
plans for "Forest Preservation (???)
and Development Plan.

The changes in feel of
our neighbor in the past few

Saturday Country Farm

years has been dramatic —
If this new Plan is allowed
we will be in a sea of pick ups —
cement trucks etc for several
years. — The forest will lose
more of its naturalness — this
is no longer a place where
average persons can raise children —
it is a place for vast costly
houses + golf resorts — Please
lets not pass this plan
