

JEFF MAIN  
ZONING ADMINISTRATOR

STATE OF CALIFORNIA  
COUNTY OF MONTEREY

RESOLUTION NO. 060071

A.P.# 183-021-003-000

In the matter of the application of

**NUMIRA VINEYARDS DBA AS MISSION RANCH WINERY (PLN060071)**

**FINDINGS & DECISION**

A use permit request for an agricultural processing plant consisting of a winery (2,801 square feet) with tasting room (1,323 square feet), and deli with accompanying retail activities (1,538 square feet). The site has existing farm and residential structures that will be demolished, remodeled or newly constructed in the California mission architectural style. Several non-protected trees are to be removed to accommodate parking and vehicle pathways. The project is located at 38150 Arroyo Seco Road, Soledad (Assessor's Parcel Number 183-021-003-000), Central Salinas Valley area for a Use Permit in accordance with Title 21 (Zoning) Chapter 21.74 (Use Permits) came on regularly for hearing before the Zoning Administrator on January 25, 2007.

Said Zoning Administrator, having considered the application and the evidence presented relating thereto,

**FINDINGS OF FACT**

1. **FINDING: CONSISTENCY** – The project, as described in Condition No. 1 and as conditioned, conforms to the policies, requirements, and standards of the 1982 Monterey County General Plan, Central Salinas Valley Area Plan, and the Monterey County Zoning Ordinance (Title 21), which designates this area as appropriate for development.

- EVIDENCE:**
- (a) The text, policies, and regulations in the above referenced documents have been evaluated during the course of review of applications. No conflicts were found to exist. No communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.
  - (b) The property is located at 38150 Arroyo Seco Road, Soledad (Assessor's Parcel Number 183-021-003), Central Salinas Valley Area Plan. The parcel is zoned F/40 ("Farmland / 40 acre minimum parcel size"). The subject property complies with all the rules and regulations pertaining to zoning uses and any other applicable provisions of Title 21, and is therefore suitable for the proposed development.
  - (c) The project planner conducted a site inspection on April 12, 2006 to verify that the project on the subject parcel conforms to the plans listed above.
  - (d) No Land Use Advisory Committee is currently assembled for the Central Salinas Valley Area. No response was received from the County Department of Agriculture.
  - (e) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning Department for the proposed development found in Project File PLN060071.
  - (f) A standard Condition of Approval in Monterey County land use development is

generally to require the submittal of a landscape plan and to install and maintain such landscaping. In the context of the existing vineyards, orchards and numerous tall trees and mature shrubbery of the old farmhouse estate no landscaping condition was deemed necessary. The site plan approved with this proposal does include landscaped drives, planters and landscaped decorated patios. The approved site plan is sufficient for these purposes.

2. **FINDING: SITE SUITABILITY** – The site is physically suitable for the use proposed.

- EVIDENCE:**
- (a) The project has been reviewed for site suitability by the following departments and agencies: RMA - Planning Department, CDF Central Valley Fire Protection District, County Parks, Public Works, Environmental Health Division, Water Resources Agency, Sheriff, and Agricultural Commissioner. There has been no indication from these departments/agencies that the site is not suitable for the proposed development. Conditions recommended have been incorporated.
  - (b) Technical reports by outside Traffic, Historical and Biological consultants indicated that there are not physical or environmental constraints that would indicate that the site is not suitable for the use propose. County staff concurs. The following reports have been prepared:
    - 1. Mission Ranch Winery Traffic Analysis County of Monterey, Ca. (LIB060358) prepared by Higgins Associates, June 12, 2006.
    - 2. Historic Resources Report Residential Property located 3815 Arroyo Seco Rd., (LIB060416) prepared by Kent L. Seavey, June 14, 2006.
    - 3. San Joaquin Kit Fox Assessment (LIB060357) prepared by California Wildlife Ecology; Jeffrey B. Froke, Ph/D., May 20, 2006.
  - (c) Staff conducted a site inspection on April 12, 2006 to verify that the site is suitable for this use.
  - (d) Materials in Project File PLN060071.

3. **FINDING: CEQA (Not Exempt):** - The proposed project, including all permits and approvals, will not have significant adverse impacts on the environment. A Mitigated Negative Declaration has been prepared and is on file (File# PLN060071 in the RMA - Planning Department). All mitigation measures identified in the Initial Study and Mitigated Negative Declaration and all project changes required to avoid significant effects on the environment have been incorporated into the approved project or are made conditions of approval. A Program for Mitigation Monitoring and/or Reporting on Conditions of Approval (hereafter "the MMRP") has been prepared pursuant to Public Resources Code 21081.6 and is made a condition of approval. The MMRP is included as Exhibit D of the January 25, 2007 staff report and is incorporated herein by reference. Potential environmental effects have been studied, and there is no substantial evidence in the record, as a whole, that supports a fair argument that the project, as designed, may have a significant effect on the environment. The Mitigated Negative Declaration reflects the independent judgment and analysis of the County based upon the findings and conclusions drawn in the Initial Study and the testimony and information received, and scientific and factual data presented as evidence during the public review process. The

Resource Management Agency – Planning Department, located at 168 W. Alisal Street, Second Floor, Salinas, CA 93901 is the custodian of the documents and the materials that constitute the record of proceedings upon which the adoption of the Mitigated Negative Declaration is based.

- EVIDENCE:** (a) The application, plans, and support materials submitted by the project applicant to the Monterey County Planning Department for the proposed development, found in the project file.
- (b) County staff prepared an Initial Study for the project in compliance with the California Environmental Quality Act (CEQA), its Guidelines, and the Monterey County CEQA Guidelines. The Initial Study provided substantial evidence that the project, with the addition of mitigation measures, would not have significant environmental impacts. Two mitigation measures have been deemed necessary to address impacts related site distance safety along Arroyo Seco Road. They are: 1) that the two drives each be made one-way to serve ingress and egress, and 2) that a small tree be removed at the driveway and that shrubbery be maintained to allow site distance safety. A Mitigated Negative Declaration was filed with the County Clerk on November 8, 2006, and noticed for public review. All comments received on the Initial Study have been considered as well as all evidence in the record, which includes studies, data, and reports supporting the Initial Study; additional documentation requested by staff in support of the Initial Study findings; information presented or discussed during public hearings; staff reports that reflect the County's independent judgment and analysis regarding the above referenced studies, data, and reports; application materials; and expert testimony. Among the studies, data, and reports analyzed as part of the environmental determination are the following:
1. Project Application/Plans
  2. Monterey County General Plan (1982)
  3. Central Salinas Valley Area Plan
  4. Monterey County Zoning Ordinance (Title 21)
  5. Monterey County Geographic and Information Systems Database (County GIS).

    - b. Department of Public Works
    - c. Parks Department
    - d. Water Resources Agency
    - e. Sheriff's Department
    - f. California Department of Forestry - Central Valley
  7. Higgins Associates, Mission Ranch Winery Traffic Analysis County of Monterey, Ca. June 12, 2006. (LIB060358)
  8. Kent L. Seavey, Historic Resources Report Residential Property located 3815 Arroyo Seco Rd. June 14, 2006.(LIB060416)

- 9. California Wildlife Ecology; Jeffrey B. Froke, Ph/D. San Joaquin Kit Fox Assessment, May 20, 2006. (LIB060357)
- 10. Staff Site Visit April 12, 2006.
- (c) See preceding and following findings and supporting evidence.
- (d) No public or agency comments were received from circulation of the Initial Study and proposed Mitigated Negative Declaration.

4. **FINDING: CEQA (Recirculation of the Initial Study and Proposed Negative Declaration is not required).**

- EVIDENCE:**
- (a) New information is added to the negative declaration which merely clarifies, amplifies, or makes insignificant modifications to the negative declaration.
  - (b) Technical clarifications have been made to demonstrate internal consistency in the document.
  - (c) In the Initial Study Section VI discussion of Environmental Factors Potentially Affected, staff found that there would be No Impact to Air Quality, Geology and Soils, Hazards and Hazardous Materials, Hydrology/Water Quality, Land Use/Planning, Mineral Resources, Noise, Population /Housing, Public Services, Recreation, nor Utilities/Service Systems. Yet, in the following Section VI and corresponding Checklist for the above subject headings, staff incorrectly checked several boxes indicating "Less than Significant Impact." In accordance with the discussions and explanations of Section IV, these check-boxes should indicate "No Impact". The following revisions are clarified for internal consistency in the document:

Section VI 3 Air Quality:	Items a) – f) shall be marked as "No Impact"
Section VI 6 Geology and Soils	Items a) – e) shall be marked as "No Impact"
Section VI 7 Hazards /Materials	Items a) – b) shall be marked as "No Impact"
Section VI 8 Hydrology/ Water Quality	Items a) – b) shall be marked as "No Impact"
Section VI 11 Noise	Item a) and d) shall be marked as "No Impact"
Section VI 12 Population and Housing	Item a) shall be marked as "No Impact"
Section VI 13 Public Services	Items a) and b) shall be marked as "No Impact"
Section VI 16 Utilities and Service Systems	Items a) – d), f), g) shall be marked as "No Impact"

- (d) These clarifications do not affect the design of the project, its potential impacts, nor do they represent modifications to mitigation measures, changes in project conditions and they are not necessary to mitigate an avoidable significant effect.

5. **FINDING:** **NO VIOLATIONS** - The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County's zoning ordinance. No violations exist on the property. Zoning violation abatement costs, if any, have been paid.
- EVIDENCE:** (a) Staff reviewed Monterey County RMA - Planning Department and Building Services Department Monterey County records and is not aware of any violations existing on subject property.
6. **FINDING:** **HEALTH AND SAFETY** - The establishment, maintenance, or operation of the project applied for will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.
- EVIDENCE:** (a) Preceding findings and supporting evidence.
7. **FINDING:** **APPEALABILITY** - The decision on this project is appealable to the Planning Commission
- EVIDENCE:** Section 21.80.040 B. Monterey County Zoning Ordinance, Title 21.

**DECISION**

**THEREFORE**, it is the decision of the Zoning Administrator of the County of Monterey that the Mitigated Negative Declaration and Program for Mitigation Monitoring and/or Reporting on Conditions of Approval be adopted and said application for a Use Permit be granted as shown on the attached sketch and subject to the attached conditions.

**PASSED AND ADOPTED** this 25th day of January 2007.

(Monterey County Sheriff's Department)	In addition to the main retail structure, all existing buildings that are upgraded must comply with the Public Safety and Security Guidelines	Applicant or owner	Prior to Final Approval / Occupancy	
<b>MITIGATION MEASURES</b>						
24.	1.	<b>MITIGATION MEASURE #1 TRAFFIC / CIRCULATION. NON-STANDARD</b> Due to insufficient site distances when exiting vehicles look north on Arroyo Seco Road from the southern driveway, such a vehicle movement will be restricted by not allowing vehicles to exit from the southern drive. The north driveway shall be used for exiting vehicles only and the south driveway shall be used for entering vehicles only. (Public Works)	The applicant shall submit a plan for the approval of the Department of Public Works demonstrating how this will be enforced. After approval of the plan by the Department of Works, the applicant shall implement all required measures.	Applicant	Prior to Issuance of Demolition or Building Permits	
25.	2.	<b>MITIGATION MEASURE #2 TRAFFIC / CIRCULATION. NON-STANDARD</b> In order to allow sufficient sight distance for prevailing speeds on Arroyo Seco Road when looking south on Arroyo Seco Road from the north (exit) driveway, the small pine tree (or 2) at the north driveway shall be removed prior to initiation of the use. (Public Works)	The applicant shall remove small pine trees at the north driveway to satisfy site distance safety requirements.	Applicant	Prior to Initiation of Use	
			Landscaping shall be maintained in a manner to assure continued site distance safety for vehicles entering and exiting the property.	Owner	Ongoing
