

In the matter of the application of
Jeff D. and Becky S. Reisdorf (PLN080165)

FINDINGS & DECISION

for a **Variance** to Section 21.42.030F, in accordance with Title 21 (Zoning) Chapter 21.72 (Variances) of the Monterey County Code, to allow 42 percent site coverage in a district where 35 percent site coverage is allowed, for a previously constructed 3551 square foot single family dwelling and attached 632 square foot three car garage. Design Approval request to allow: 1) exterior remodel (no change to existing footprint); 2) new tile roof; and 3) new rear patios and fire pit. The property is located at 3072 Birdrock, Pebble Beach, Greater Monterey Peninsula Area, and came on regularly for hearing before the Zoning Administrator on July 31, 2008.

Said Zoning Administrator, having considered the application and the evidence presented relating thereto, now makes the following findings and decision:

FINDINGS OF FACT

1. **FINDING: CONSISTENCY** – The project, as described in Condition No. 1 and as conditioned, conforms to the policies, requirements, and standards of the Monterey County General Plan, Greater Monterey Peninsula Area Plan, Greater Monterey Peninsula Area Plan Inventory and Analysis, and the Monterey County Zoning Ordinance (Title 21), which designates this area as appropriate for development.

- EVIDENCE:**
- (a) The text, policies, and regulations in the above referenced documents have been evaluated during the course of review of applications. No conflicts were found to exist. No communications were received during the course of review of the project indicating any inconsistencies with the text, policies, and regulations in these documents.
 - (b) The property is located at 3072 Bird Rock Road, Pebble Beach (Assessor's Parcel Number 007-332-004-000), Greater Monterey Peninsula Area Plan. The parcel is zoned MDR/B-6-D-RES or "Medium Density Residential with a Building Site Zoning District (B-6) Overlay, Design Control Zoning District Overlay, and Regulations for Parking and Use of Major Recreational Equipment Storage in Seaward Zone Overlay," which allows for residential development subject to a Design Approval. Therefore, the property is suitable for the proposed development.
 - (c) The project planner conducted a site inspection on May 1, 2008 to verify that the project on the subject parcel conforms to the plans listed above.
 - (d) The project was referred to the Del Monte Forest Land Use Advisory Committee (LUAC) for review on June 5, 2008 and June 19, 2008. The LUAC recommended approval of the project as described.
 - (e) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning Department for the proposed development found in Project File PLN080165.

2. **FINDING: SITE SUITABILITY** – The site is physically suitable for the use proposed.

- EVIDENCE:**
- (a) The project has been reviewed for site suitability by the following departments and agencies: RMA - Planning Department, Pebble Beach Community Services Fire

Protection District, Public Works, Environmental Health Division, and Water Resources Agency. There has been no indication from these departments/agencies that the site is not suitable for the proposed development. Conditions recommended have been incorporated.

- (b) Staff conducted a site inspection on May 1, 2008 to verify that the site is suitable for this use.
- (c) Materials in Project File PLN080165.

3. **FINDING: CEQA (Exempt):** - The project is categorically exempt from environmental review and no unusual circumstances were identified to exist for the proposed project.

- EVIDENCE:**
- (a) California Environmental Quality Act (CEQA) Guidelines Section 15301(e)(1), categorically exempts additions to existing structures provided that the addition will not result in an increase or more than 50 percent of floor area of the structure before the addition.
 - (b) No adverse environmental effects were identified during staff review of the development application during a site visit on May 1, 2008.
 - (c) See preceding and following findings and supporting evidence.

4. **FINDING: VARIANCE (Special Circumstances)** – Because of special circumstances applicable to the subject property, including size, shape, topography, location or surroundings, the strict application of the Monterey County Zoning Ordinance (Title 21), as it pertains to site development standards, is found to deprive subject property of privileges enjoyed by other properties in the vicinity and under identical zone classification.

- EVIDENCE:**
- (a) At the time of construction (1961) a 3,410 square foot single family dwelling with 606 square foot attached three-car garage was constructed with the benefit of permits on the parcel, totaling 4,016 square feet, exceeding coverage to 40.5%.
 - (b) In 1981, a Variance (ZA-4754) was granted, allowing a 105 square foot addition to be constructed within 5 feet of the side yard setback. This established the current footprint and existing lot coverage of 41.6%.
 - (c) The County has permitted the existing development.

5. **FINDING: VARIANCE (Special Privileges)** – The Variance does not constitute a grant of special privileges inconsistent with the limitations upon other properties in the vicinity and same zone classification in which this property is situated.

- EVIDENCE:**
- (a) A previous Variance (ZA-4754) allowing a 105 square foot addition to be constructed encroaching 5 feet into the required side yard setback, was approved in 1981, establishing the existing footprint and site coverage.
 - (b) In April of 1997, Variance request (PLN970181), permitted the demolition and rebuilt of a two-story single family residence, to exceed the allowable lot coverage of 35 percent, for a property located at 1051 Marcheta Lane, Pebble Beach on Assessor's Parcel Number 007-341-010-000.
 - (c) Since 1978, as many as ten residences, located within 1/3 mile (1800 feet) of the subject property have either been built to exceed the allowed zoning lot coverage of 35 percent.
 - (d) The current Variance request, similar to PLN970181, will allow an improvement to the existing residence, as well as permit the existing overage of the 35 percent coverage allotment for the zoning district.

6. **FINDING: VARIANCE (Authorized Use)** – A Variance shall not be granted for a use or activity which is not otherwise authorized by the zone regulation governing the parcel.

EVIDENCE: The Variance request is tied to a residential use, which is authorized by the residential zone governing the subject parcel.

7. **FINDING: DESIGN APPROVAL** –The project shall meet all requirements founding Section 21.44.010 of the Monterey County Zoning Ordinance, which states, that the purpose of the “D” district is to provide a district, to assure protection of public viewshed, neighborhood character, and visual integrity of development areas, with regard to location, size, configuration, colors and materials of structures.

EVIDENCE: (a) The project was reviewed for suitability, with regard to location, size, configuration, colors and materials, by the Del Monte Forest Land Use Advisory and the RMA-Planning Department. There is no indication that the project does not conform to the requirements in Section 21.44.010 (Title 21).

(b) The project was referred to the Del Monte Forest Land Use Advisory Committee for review on June 5, 2008 and June 19, 2008. The LUAC recommended approval of the project as described. Copies of the LUAC minutes have been attached.

(c) The application, project plans, and related support materials submitted by the project applicant to the Monterey County RMA - Planning Department for the proposed development found in Project File PLN080165.

8. **FINDING: HEALTH AND SAFETY** - The establishment, maintenance, or operation of the project applied for will not under the circumstances of this particular case be detrimental to the health, safety, peace, morals, comfort, and general welfare of persons residing or working in the neighborhood of such proposed use, or be detrimental or injurious to property and improvements in the neighborhood or to the general welfare of the County.

EVIDENCE: Preceding findings and supporting evidence.

9. **FINDING: NO VIOLATIONS** - The subject property is in compliance with all rules and regulations pertaining to zoning uses, subdivision, and any other applicable provisions of the County’s zoning ordinance. No violations exist on the property. Zoning violation abatement costs, if any, have been paid.

EVIDENCE: Staff reviewed Monterey County RMA - Planning Department and Building Services Department Monterey County records and is not aware of any violations existing on subject property

10. **FINDING: APPEALABILITY** - The decision on this project is appealable to the Planning Commission.

EVIDENCE: Section 21.80.040.B Monterey County Zoning Ordinance (Title 21).

DECISION

THEREFORE, it is the decision of said Zoning Administrator that said application for a Variance be granted as shown on the attached sketch, and subject to the attached conditions.
